Items Discussed:

* Call to order, agenda approved, minutes of April 11, 2023 approved.

* Aaron updated us about the water tank. The city mechanic found a leak on top of the tank and he will put a drain pipe on it for the over flow. Aaron thinks he can power wash the tank and not have to scrape it. He will check with the 2 cemetery helpers to see if they will help with painting it.

* Discussing the water pipe replacement project, we learned that the DPW is quite busy now but might have time to do some work on it in the fall. Plastic tubing will be used.

- * Aaron has replaced the aging map of the cemetery at the office using the old frame. Since the frame is pretty punky, he will replace that too.
- * Using the older four-wheeler, from the ball park, is working okay at the cemetery. One of the mowers needs a new engine. DPW will look into a replacement.
- * The new water signs haven't come in yet.
- * Work that needs to be done on the vault windows will be worked on by Aaron in the fall.
- * Trees were discussed again. Mary plans to order some next spring through the extension agency.
- * There are some issues with the bike trail around the cemetery. Bikers are coming into the cemetery causing some unsafe situations. Mary will get 'no bikes in the cemetery' signs.

Meeting adjourned 5:45 P.M.
