Council Member Comments-

Haeussler received communications from a resident in East Hancock who is helping to keep the park open and usable during the winter, also wondering if we can put a stop to the snowmobilers who drive through the park. Haeussler also mentioned how there seems to be a misunderstanding with the City of Houghton. Houghton is just trying to rezone the land right now, they do not have a development project planned.

Lytle talked about how there must be a bigger plan if they are trying to rezone it to business and also talked about light pollution.

Warstler is concerned about safety if the Seaplane was to move to the new location.

Rickard talked about how they must be rezoning for a reason and Mary clarified that yes, in fact, the owner of the property is asking for it to be rezoned.

Motion by Councilor Warstler and supported by Councilor Richard to adjourn the meeting at 2:34 p.m.

Yes: All

No: None

Paul LaBine, Mayor

Ashley Freeman, City Clerk
