From: Mary R. Oman / Payroll Clerk

Subject Road construction to take place at night

Bacco Construction would remind motorists that will be traveling on various streets including Hancock, Quincy and Montezuma that Night Construction will continue to take place Thursday and Friday as weather allows.

Crews will continue with Asphalt Paving in various areas during the overnight hours.

Motorists are encouraged to slow down and take extra caution while in these work zones. Crews will be working from 6:00 p.m. until 6:00 a.m. each day.

Overnight work is being done to alleviate traffic congestion and delays during the day as these routes are heavily traveled by both the local traffic as well as a high volume of tourists.

Motorists are encouraged to allow a little extra time in their schedule for traveling through these construction zones. We do apologize for any inconvenience caused during the construction and will do our best to complete the project in a timely matter.

End of Press release:

Should you have any questions I may be reached at 906-774-6285.
