

Public Announcement:

REGARADING SPRING CLEAN-UP

The City will be picking up curbside leaves, grass clippings and small branches on Monday, May 11th and Monday May 18th. Leaves and branches should be placed at curbside prior to 7 a.m. The City will only pickup leaves and grass clippings if they are placed in **green** Bio-Bags purchased from the City of Hancock. The City will not pick-up loose leaves along city curbs or streets.

NEW THIS YEAR: The previously used clear "bio-degradable" bags are not compostable but can be used and re-used by individuals to carry leaves to the DPW compost pile. However, those bags cannot be left there. Only the **green** Bio-Bags can be left at the DPW compost pile. Leaves or grass can be brought to the City DPW (1601 Tomasi Dr.) during regular business hours throughout the summer or fall.

Remember !! Only the **green** Bio-Bags can be left at the DPW. No other bags or containers can be left at the DPW.
